MAI 08-10, 2024 – EST CASABLANCA – MOROCCO

With the great success of the first edition of the International Conference on Connected Objects and Artificial Intelligence (COICIA'2023) held at EST Casablanca, Morocco 2023.

The COICIA'2024 aims to create high-quality exchange channels to consolidate interactions between researchers and industrialists, strengthen their links with scientific and technological actors and thus allow better visibility in the field of objects-systems connected, telecommunications and Artificial Intelligence. The second Edition of COICIA'2024, will be held in Casablanca from Mai 08 to 10, 2024. This event foresees the participation of Moroccan and international exhibitors, as well as round tables to exchange experiences about cooperation between Industry and University. Furthermore, COICIA'2024 aims to reinforce research in Connected Objects, Systems, Telecommunications and Artificial Intelligence.
